# Program de Jour

Our programming may change from time to time, but our function remains the same. We are KUCI, UC Irvine's non-commercial radio station. Located at 89.9 on the FM dial, we're here to serve the surrounding community. It's a job we've been faithfully doing for over seven years now. There is a catch. The only way we can continue to do this, is to receive feedback from the community. This means YOU. If you have any questions or comments about our programming, write to me at:
